Subject: Approval of Updated Reclamation Surety, Staker and Parson Companies,
Lehi Peck Quarry, M/049/031, Utah County, Utah

Dear Mr. Dalley:

Thank you for providing the bond rider received July 2, 2004 to update the reclamation surety for your Lehi Peck Quarry to year 2009. The rider was provided by XL Insurance, increasing the surety from \$387,900 to \$456,300. We will make note on the Reclamation Contract of the change in the surety amount, and the escalation year. No other changes will be required at this time.

The reclamation surety will not need to be reviewed again until the year 2009, unless you amend or revise your mining and reclamation plan.

Thank you for keeping the reclamation surety current. If you have any questions concerning this letter, please contact Doug Jensen at (801) 538-5382.

For your information, effective July 5, 2004, I will be transferring to the Coal Regulatory Program for a cross-training assignment. Daron Haddock will be the new Minerals Regulatory Program supervisor. Please contact Daron at (801) 538-5325 you have any other questions or concerns. It has been my privilege working with you in the past.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
